Opportunity Q & A Script

Q: Hi How are you?

A: I am doing awesome since I started Vemma. In fact, as a result of sharing Vemma with others I now get paid weekly! Anyway that’s enough about me I really get excited when I talk about Vemma. How are you?

If they show interest and ask for more information say:

It will probably take me about 10 minutes to explain the whole thing but in a nutshell I work with a company called Vemma and what I do is market the most complete liquid supplement that helps people feel younger, sleep better, and have more energy. They also have an insanely healthy energy drink too!

What really makes us different is we have an income earning program where people can make a significant amount of money by simply sharing Vemma and Verve with others.

Do you know anyone who might be interested in something like this? Do you know anyone who could use more energy?

If they say “YES” – Ask: When can we get together for about 10 minutes so I can go over it with you?
