

## Make a Contact List

Congratulations on making the decision to host a Vemma Home Event! One of your first thoughts is probably “Who should I invite?” This is a great way to share the amazing benefits of Vemma with your family, friends and associates. Start by writing a list of everyone you know in your community. Be sure not to pre-judge anyone. We’ve compiled some lists below that will help you get started. Once you’ve got the list of names – prioritize it and then call the top 25 people and invite them to the meeting!
